1979 annual index

Power Engineering

TECHNICAL PUBLISHING
1301 South Grove Avenue, Barrington, Illinois 60010

a company of The Dun & Bradstreet Corporation

TITLES

COOLING TOWERS

Comparing Crossflow and Counterflow Cooling Towers . . . . . Sep 60

ELECTRICAL MOTORS AND SYSTEMS

Protective Relaying for A-C Generators . . . . . Feb 70
Electrical Design Requirements for Electrode Boilers for Nuclear Plants . . . . . Feb 74
Transformer Protection and Relaying in Industrial Power Plants . . . . . May 56
Energy Storage Systems for Improved Load Management . . . . . Sep 56
Current Measurement in HVDC Line (Field Notes) . . . . . Sep 96
Static Uninterruptible Power Systems: Problems Solved, Problems Remain. . . . . Oct 91
BPA Introduces Public to UHV— The Next Leap Forward (Field Notes). . . . . Nov 104
Solid State Motor Controls and Protection . . . . . Dec 59

ENVIRONMENTAL CONTROL AND MONITORING

Air Monitoring Network Design to Meet PSD Requirements. . . . . Feb 63
Preparing New Source Review Applications for Coal-Fired Power Plants. . . . . Mar 70
Precipitator Efficiency Increased By Modifying Flow . . . . . Apr 73
Flyash Removes SO_2 Effectively From Boiler Flue Gases . . . . . Jun 61
Instrumentation and Control for Double-Loop Limestone Scrubbers . . . . . Jun 72
Energy Consumption Reduced Over 60% In Solving Pollution Problem (Field Notes). . . . . Jun 96
NO_x Emissions Controlled By Design in Pulverized Coal Burner-Boiler. . . . . Aug 70
Water-Oil Homogenization Reduces Particulate Emission. . . . . Sep 66
Dry Scrubber Maintains High Efficiency . . . . . Oct 83
Sizing Hot Precipitators . . . . . Oct 89
Available Energy Analysis of an FGD System . . . . . Nov 68

EXOTIC POWER

Heat Pump Cuts Industrial Energy Use (Field Notes) . . . . . Feb 106
First Commercial Superconducting Generator to be Built (Field Notes). . . . . Apr 134
New Fluid Battery for Energy Storage (Field Notes) . . . . . May 96
Windpower Potential of the Northwest Region . . . . Jun 64
PP&L Tests Power from the Wind. . . . . Jul 79
DOE Reports Weekday Solar Index for Domestic Water Heating Systems (Field Notes). . . . . Aug 92

FUELS, STORAGE AND ASH HANDLING

Solving Coal Chutes Freezing Problems (Field Notes) . . . . . Feb 104
Coal Gasification in Germany (Field Notes) . . . . . May 92
Coal: Regulation/Production and Inflation. . . . . Jul 21
Fugitive Coal Dust Control . . . . . Jul 86
Unit Train and Bottom Dump Cars Prove Out for Florida Utility (Field Notes). . . . . Jul 116
Making Coal Burnable: Meeting New Requirements (Roundtable) . . . . . Sep 38
Coal Resources and Outlook . . . . . Oct 71
Chemical Treatment Helps Prevent Frozen Coal . . . . . Nov 93
Fuel: Handling and Storage at Power Plants . . . . . Dec 42
Planning for Efficient Unit Train Unloading . . . . . Dec 51

HYDROELECTRIC POWER

Joint Nuclear/Pumped Hydro Station: The Ultimate Energy Center . . . . . Jan 30
First Municipal Bulb Turbine Project Underway . . . . . Nov 99

INSTRUMENTS, COMPUTERS, AND CONTROLS

Nomogram Determines Component Testing Frequency . . . . . Jan 58
Model Predicts Performance of Cooling Water System Over Full Range of Treatment Options (Field Notes) . . . . . Jan 84
Air Monitoring Network Design to Meet PSD Requirements . . . . . Feb 63
Transformer Protection and Relaying in Industrial Power Plants . . . . . May 56
Instrumentation and Control for Double-Loop Limestone Scrubbers . . . . . Jun 72
Linear Programming Model Aids Generation Expansion Studies . . . . . Jul 82
Minicomputer Manages Industrial Use of Utilities (Field Notes) . . . . . Sep 92
Solving Fire Protection Problems At Power Plants Burning Western Coal . . . . . Oct 86

MAINTENANCE AND CONSTRUCTION

Improving Reliability of Power Boilers . . . . . Jan 37
Vibrators Speed Cleaning of Pendent Tubes (Field Notes) . . . . . Jan 86
Optimizing Designs of Fossil-Fired Generating Units . . . . . Feb 50
Energy Analysis Shows Value of Thicker Insulation (Field Notes) . . . . . Mar 108
Insulation Revamp Cuts Nuclear Containment Temperature . . . . . Apr 70
Multiple Operator Welding Systems . . . . . Apr 81
Power Plant Insulation . . . . . Jun 50
In-Line Valve Repair Saves Time—Money (Field Notes) . . . . . Jun 92
Utility New Order Patterns for the 1980s . . . . . Jul 20
Atmospheric Corrosion Protection for Carbon Steel in Coal- & Lignite-Fired Power Plants . . . . . Aug 67
Objective Performance Measurement for Construction Projects . . . . . Sep 53
Learning Curves as Applied in Power Plant Construction . . . . . Sep 63
Solving Fire Protection Problems At Power Plants Burning Western Coal . . . . . Oct 86

MANAGEMENT

Integrated Planning Shortens Schedules and Reduces Costs . . . . . Jan 54
Conservation Program at P.S. Indiana . . . . . Feb 66
Preparing New Source Review Applications for Coal-Fired Power Plants . . . . . Mar 70
Who Owns Float? . . . . . Apr 77
Records Management for Nuclear Power Plants . . . . . May 62
Nuclear Issues 1979—A Utility Perspective . . . . . Jun 18
Can We Afford *Not* to Use Nuclear Energy? . . . . . Jun 21
Decision Making for Nuclear Power Deployment . . . . . Jun 68
The Coming Shortage of Electricity & Its Impact on Our Way of Life . . . . . Jul 17
Utility New Order Patterns for the 1980s . . . . . Jul 20
Objective Performance Measurement for Construction Projects . . . . . Sep 53
Learning Curves as Applied in Power Plant Construction . . . . . Sep 63
The Cost of Efficiency, In Prospect and In Retrospect . . . . . Nov 73
Before Choosing an A/E—Define the Job . . . . . Dec 69

NOMOGRAMS

Nomogram Determines Component Testing Frequency . . . . . Jan 58
Nomogram Calculates Economy of Scale in Power Plants . . . . . Feb 80
Nomogram Determines Water Required to Desuperheat Steam . . . . . Mar 84
Nomogram Estimates Higher Heating Values of Fuels . . . . . Apr 84
Nomogram Relates Active, Apparent and Reactive Power and System Efficiency for Motor Drives . . . . . May 55
Nomogram Determines Flash Steam Production from Boiler Blowdown Water . . . . . Jun 76
Nomogram Determines Properties of Air . . . . . Jul 88
Nomogram Determines CO_2 Values for Fuels . . . . . Aug 69
Nomogram Estimates Precipitator Efficiency . . . . . Sep 68
Nomograms Determine Power Factor and Capacitor Rating for Given Improvement . . . . . Oct 95
Nomogram Determines Flow Through Hydrogen and Sodium Zeolite Softeners . . . . . Nov 63
Nomogram Determines Air Mixture Temperature . . . . . Dec 72

NUCLEAR POWER

Joint Nuclear/Pumped Hydro Station: The Ultimate Energy Center . . . . . Jan 30
Stress Analysis of Containment Spray Header Rings . . . . . Feb 77
Outlook for Breeder Reactors . . . . . Mar 58
Nuclear Issues 1979—A Utility Perspective . . . . . Jun 18
Can We Afford *Not* to Use Nuclear Energy? . . . . . Jun 21
Decision Making for Nuclear Power Deployment . . . . . Jun 68
Engineering Piping Systems for Nuclear Plants . . . . Jul 71
The Impressive Super Phenix . . . . . Aug 62
Outlook for Nuclear Power . . . . . Oct 66
Influence of S/RV Discharge Loads on the Mark III BWR Containment . . . . . Nov 64
Nuclear Capacity Projections and Spent Fuel Accumulation . . . . . Dec 64

POWER ENGINEERING PROFILES

Jack Tully of Combustion Engineering: A POWER ENGINEERING Profile . . . . . Dec 66

PRIME MOVERS AND GENERATION

New Generating Capacity: When, Where and By Whom . . . . . Apr 54
District Heating in Denmark (Field Notes) . . . . . Apr 140
Industrial Power Supplies: Practices Options and Trends (Roundtable) . . . . . May 42
Modifying Turbines for District Water Heating . . . . . Aug 59

PUMPS, PIPING AND VALVES

Conceptual Piping Estimating— A Common-Sense Approach . . . . . Jan 59
Annealing Stainless Steel Tubes for Best Corrosion Resistance . . . . . Mar 79
Reliability of Reactor Plant Water Cleanup Pumps . . . . . Mar 81
In-Line Valve Repair Saves Time—Money (Field Notes) . . . . . Jun 92
Piping, Valves and Pressure Vessels: Meeting New Requirements . . . . . Jul 62
Engineering Piping Systems for Nuclear Plants . . . . Jul 71
Don't Bias Your Vent Stack . . . . . Dec 71

STEAM GENERATORS AND AUXILIARIES

Modeling of Circulating Water Systems . . . . . Jan 47

Selection of Axial Fans for Boilers . . . . . Jan 50
Energy Consumption Reduced Over 60%
In Solving Pollution Problem (Field Notes). . . . . Jun 96
Generator Swap Cuts Downtime (Field Notes) . . . . Jul 112
Feedwater Heaters Redesigned and
Rebuilt in Record Time (Field Notes) . . . . . Aug 94
Fluidized Bed Combustion Systems:
Progress and Outlook . . . . . Nov 46
Multipressure Condensers are Economic
Choice for Standardized Units . . . . . Nov 70

WATER TREATMENT AND MANAGEMENT

Model Predicts Performance of Cooling Water
System Over Full Range of Treatment
Options (Field Notes). . . . . Jan 84
Upflow Filter Pretreats River Water
for Demineralization . . . . . Mar 75
Behavior of Impurities in Steam Turbines. . . . . May 68
Power Plant Cooling Systems:
Trends and Challenges . . . . . Aug 42
Seawater Closed-Cycle Cooling Systems. . . . . Aug 48

DEPARTMENTS

ENVIRONMENTALLY SPEAKING

Urgent Uncertainties in the Air . . . . . Jan 18
Studies/Joys of Thermal Enhancement . . . . . Feb 26
Federal Quirks and Good Wine. . . . . Mar 24
Regulations, Coal and Angry Country . . . . . Apr 46
R&D, Waste Heat and Memories. . . . . May 30
Coal Studies and Healthy Disagreement . . . . . Jun 30
Cooling Towers, Studies and Fads. . . . . Jul 38
Recreation: A Need to Prepare. . . . . Aug 20
The Ancient Ones Are Us . . . . . Sep 30
Waste Heat's Growing Value . . . . . Oct 30
Vested Interests and Truth . . . . . Nov 24
Economics and the Naked Facts. . . . . Dec 22

EUROPEAN ENERGY REPORT

Giants, Supergiants and Oil Supply . . . . . Jan 80
OPEC and Oil Downstream Operations . . . . . Feb 40
The French Interconnection:
Blackout in France . . . . . Mar 36
Solar Power in France . . . . . Apr 40
Three Classes of Energy Forecasts:
Or News from Switzerland . . . . . May 25
The Oil Solution . . . . . Jul 53
Edmonton Milk. . . . . Aug 30
Is There a "Magic Figure"
for Uranium Resources? . . . . . Oct 45
North American Oil Technology. . . . . Nov 33

GENERATION IN FOCUS

Where Will All the Power Come From? . . . . . Jan 12
4% is Far From Zero . . . . . Feb 14
Resource Limitations and
Technological Change. . . . . Mar 12
Partnership with the People. . . . . Apr 14
Uncertainties Over Energy Sources Increase . . . . . May 12
A Different Kind of China Syndrome . . . . . Jun 14
. . .A Nation So Conceived. . . . . Jul 14
Indulging a Propensity . . . . . Aug 14
Almost Pregnant. . .Up Front and Firm. . .
No Quick Fixes. . .Closer to Judgment Day . . . . Sep 14
History Would Not Forgive Us . . . . . Oct 14
A Little Sugar Won't Help
When the Fat Runs Out . . . . . Nov 14
Strangled Seventies Stagger Into the Sunset . . . . . Dec 14

LOOKING EAST

USSR's Coal Industry—The Limping Giant. . . . . Mar 42

NUCLEAR POWER ENGINEERING

And Now the Good News . . . . . Jan 17
Performance and Outlook—UP. . . . . Feb 20
Oil and Atoms . . . . . Mar 17
Whither Now?. . . . . Apr 24
Design Not Blamed . . . . . May 16
In the Bigger Picture . . . . . Jun 26
No Cause for Seismic Shutdowns . . . . . Jul 32
Update on TMI Findings. . . . . Sep 22
Tullnerfeld—As Others Saw It . . . . . Oct 25
The Peril of Zero Risk . . . . . Nov 21
Kemeny and Beyond . . . . . Dec 18

OPINION

Less is More and More is Less. . . . . Jan 29
Energy Models and Technological Change . . . . . Feb 49
Big Push Coming for Solar Energy?. . . . . Mar 57
Keeping the Nuclear Option Open . . . . . Apr 53
The Lure and the Challenge of
the American Market . . . . . May 41
Fallout From the American Economy . . . . . Jun 49
Danger: Bubble-Blowers at Work . . . . . Jul 61
Getting the Act Together . . . . . Aug 41
Europe Dismayed by Carter Speech . . . . . Sep 37
Self-Confidence and Better Numbers Needed . . . . . Oct 65
Single-Issue Crises Forestall Decision Making . . . . . Nov 45
The Age of Coal—
Is It Coming or Going? . . . . . Dec 41

WASHINGTON ENERGY REPORT

Bankers Trust Study Says Power
Shortage Concerns Unfounded. . . . . Jan 22
Mexico's Importance to U.S. Deepened
By New Oil Find . . . . . Feb 34
Nuclear Industry in Trouble;
Several Reasons Cited. . . . . Mar 30
Should Today's Consumers Pay for
Tomorrow's Power?. . . . . Apr 34
Carter Gives Schlesinger Green Light
to Reassure the Nuclear Industry . . . . . May 21
EPA's New Pollution Emission Standards. . . . . Jun 34
GAO Report Says Americans Must
Continue Developing Nuclear Power . . . . . Jul 46
Alaska Oil and Natural Gas Tied Up . . . . . Aug 26
Environmental Trends Study Offers
Good News and Bad. . . . . Sep 34
President Carter and Energy Legislation. . . . . Oct 38
The Energy Antimonopoly Act . . . . . Nov 29
What Congress Has Done and Failed to Do to
Bring About More Energy Independence . . . . . Dec 27

AUTHORS

A – B

Allen, Curtis R.—Townsend and
Bottum, Inc. . . . . Sep 63
Anderson, Les—Northern States Power Co. . . . . Apr 70
Baker, Robert W.—Oregon State University . . . . Jun 64

Barsin, J. A.—Babcock & Wilcox Co. . . . . Aug 70
Bazarian, Elaine—Stone & Webster Engineering Corp. . . . . Aug 48
Behnke, Wallace B.—Commonwealth Edison Co. . . . . Jun 18
Ben-Yaacov, G. Z.—Electricity Supply Commission South Africa . . . . . Jul 82
Berger, Carl E.—The Detroit Edison Co. . . . . Mar 75
Berman, I. M.—Senior Editor, POWER ENGINEERING . . . . . Apr 54; Jul 62; Nov 46
Bhattacharya, Amitava—Bechtel Power Corp. . . . . Feb 77
Black, Theodore W.—Shimer-vonCantz, Inc. . . . . Jul 79
Blum, Nora A.—Stone & Webster Engineering Corp. . . . . Aug 48
Bolton, Richard . . . . . Nov 99
Bornstein, B.—Bechtel Power Corp. . . . . Nov 73
Bylin, Robert O.—Raychem Corp. . . . . Feb 104

C — F

Calvert, James D., Jr.—Gilbert/Commonwealth . . . . Jan 30
Caplan, F.—Consultant . . . . . Dec 72
Casteline, John—Johnson-March Corp. . . . . Jul 86
Cereska, Jonas—Gaulin Corp. . . . . Sep 66
Coupin, Yves—French Ministry of Industry . . . . . Jun 68
Courtney, A. O.—Commonwealth Edison Co. . . . . Feb 63
Davis, R. A.—Basin Electric Power Cooperative. . . . . Oct 83
Denesdi, Ludwig—United Engineers & Constructors . . . . . Aug 59
Doughty, Selden E.—Tube Division, Carpenter Technology Corp. . . . . Mar 79
Drucks, G.—TUV Rheinland . . . . . Jan 37
Eller, Frank C., Jr.—Ebasco Services Inc. . . . . Apr 81
Esterman, Joseph R.—Nalco Chemical Co. . . . . Nov 93
Fisher, James E.—Public Service Indiana . . . . . Feb 66
Forrest, William S.—Gilbert/Commonwealth. . . . . Jan 59
Frisch, Norman W.—Research-Cottrell . . . . . Oct 89
